## Ram Itronix Duo-Touch Mounts

RAM Mount introduces new products for the Itronix Duo-Touch—the newest dual-touch mode rugged Tablet PC. Given that RAM is all about the freedom to take your mobile electronics anywhere and mount them on most anything, the combination of these two products was meant to be. The form-fitting cradle complements the sleek features of the Itronix Duo-Touch. Mate this cradle to mounting systems built for whatever you drive, fly, or ride.

For more information, call (206) 763-8361 or visit [www.ram-mount.com](http://www.ram-mount.com).
