Ram Laptop No-Drill Mounts and Bases

RAM Vehicle Mounts are designed for the most popular fleet vehicles on the road. These heavy-duty steel laptop bases are custom formed to fit specific vehicle models. This provides a mounting platform for any RAM Laptop Mounting System. Using the front bench or passenger side seat rail bolts as attachment points, existing hardware in the vehicle is all that is required to secure these bases.

For more information, call (206) 763-8361 or visit www.ram-mount.com.

LDV HERO Multi-Purpose Rescue / Response Truck

Bridging the gap between heavy- and medium-duty trucks, LDV has launched the HERO Multi-Purpose Rescue / Response Truck featuring the rugged, structural design of a heavy-duty truck without a heavy-duty price tag. LDV Inc., experienced in the design and manufacturing of a host of emergency response vehicles, has put together a product that is modular in design to reflect the specific needs of any department for a variety of emergency response applications.

Decatur Electronics Gemini Plus Digital Video

Decatur Electronics Inc. announces the Gemini Plus Digital Video. It delivers high picture quality and ease of use, with less than 15 minutes required for officer training. It has guaranteed 30-second pre-event recording and a clear industry-tested audio system that works seamlessly with video recorder. The overhead or two-piece out-of-the way systems save room in the vehicle, and the DVR storage options that collect video from four to 13 hours of footage.
